MEMORANDUM FOR: Deputy Director, Plans

THROUGH : Office of General Counsel

SUBJECT : ██████████ - Insurance Coverage for ██████████

Personnel Engaged in the ██████████

25X1A2d1 ██████████ Operation

1. Under operation ██████████, two ██████████ employees will be engaged in operating equipment installed on an U. S. ██████████

25X1D0b

██████████ This operation is scheduled to commence during the third week of July 1959 and will continue until early Fall 1959.

2. As company policy, the ██████████

██████████ carries travel insurance on each employee in the amount of \$50,000 and a general '10-10' life policy. The travel policy contains a rider granting coverage for ██████████ employees engaged as members of the crew of any aircraft, but excludes coverage for any loss caused by war or any act of war. For obvious security reasons the insurance agent could not be briefed as to the true nature of the activity and ██████████ fears that the travel insurance would not cover the employees for injury or loss of life as a result of a hostile action which could be considered a 'war-act'.

3. Although the ██████████ employees would receive certain benefits through the Bureau of Employees Compensation under the War Hazards Compensation Act because of ██████████ role as a contractor with the U. S. Government, we should not ask the employees to jeopardize the economic security of their families by engaging in an operation in our behalf which would invalidate their normal ██████████ insurance, without providing some alternate protection.

25X1C4c

4. There is an element of hazard involved in ██████████, not normally found in the pursuit of other contracts, and because of the uniqueness of this operation, i.e. semi-overflight, it is felt that in underwriting the insurance coverage during this particular operation we would not be establishing a precedent applicable to other contracts.

5. It is requested that you approve the obligation of \$100,000 from Fiscal Year 1960 ██████████ funds to ██████████ for the period of the ██████████ operational flights, to underwrite coverage of the two ██████████ employees in the amount of \$50,000 each in the event of death as the result of the operation
